3.2.1 Institution has created an ecosystem for innovations including incubation centre and other initiatives for creation and transfer of knowledge

The institute has established Incubation and Entrepreneurship Development Cell (IEDC) to encourage and motivate the students as well as the faculty members to initiate research and entrepreneurial activities. The IEDC provides assistance in form of mentorship and facilities for technical support. The IPR (IPR) cell creates awareness about intellectual property rights in terms of patent drafting, acquiring trademarks and copyrights. The various other initiatives taken by the institute for creation and transfer of knowledge and smooth progress of various research activities are as follows: The institute, every year organizes 'Cynosure- National Level Techno-Management Event' wherein the students participate in various programmes like science exhibition, best from waste, poster competition, quiz competition and other techno- managerial events which enhances their learning and creativity. The students are also motivated to participate in various other competitions like AVISHKAR, organized by Savitribai Phule Pune University. The institute, every year organizes 'Cynosure- National Level Techno- Management Event' wherein the students participate in various programmes like science exhibition, best from waste, poster competition, quiz competition and other techno- managerial events which enhances their learning and creativity. The students are also motivated to participate in various other competitions like AVISHKAR, organized by Savitribai Phule Pune University.

The institution has a budgetary provision for research related activities. The research Committee is actively involved in organizing seminars, conferences, workshops on IPR and industry academia innovative practices to inculcate research culture among the faculty and the students. The institute provides incentives to the teachers who receive state, national and international recognition and awards. The Research Committee encourages the faculty to undertake the research projects funded by various governments and non- government organizations. The faculty and the students are encouraged to publish research papers in journals listed in UGC, books, chapters in national and international conference proceedings. To bridge the gap that exists between the industry requirements and the classroom learning, institute has collaborated with various companies, academic institute and research institution for enhancing the research knowledge, faculty exchange, internships and dissertation work. The students are encouraged to take up mini- projects/ winter internship projects to provide industry exposure and enhance practical learning. The institution has dedicated a lease line of 16 Mbps for internet connectivity as well as sufficient number of computers and peripherals, which help the students and the faculty to smoothly gain information and knowledge required in their respective areas of interest.

The college has library with sufficient numbers of books, subscribed to various national and international journals as well as to research database like EBSCO and J- gate which help the researcher to gain insight into quality research work.
